

Stephen Lawrence Education Standard

The offer

1 Training for assessors

Two-day training – £1,000.

This cost includes a copy of the resource pack and training DVD, with suggestions for activities related to the 12 point criteria of the standard.

2 Training for schools/learning settings working to achieve the standard

Two-day training – £1,000.

This cost includes a copy of the resource pack and training DVD, with suggestions for activities related to the 12 point criteria of the standard.

We recommend that two members of staff from a setting complete the training.

Discounts will be considered for groups, smaller organisations and registered charities.

3 Quality Assurance process for the assessment of portfolios of evidence

Wednesday 23 June 2010

Training for schools/learning settings

Day 1

Wednesday 24 March 2010

Day 2

Wednesday 16 June 2010

Aims of the standard

The standard was launched in 2003 for schools, 2005 for early years, and 2008 for colleges of further education.

Based on the positive experience and improved outcomes for children and young people and schools, we are offering a package of training for other authorities to engage with the standard. It is a partnership model, and works effectively for learning settings to work collectively.
